

AKBAR ISRAILOV

Front-end (ReactJs) developer

About Me

Frontend Developer with 2+ years of experience building modern, scalable web applications using React, TypeScript, and Vite. Skilled in creating responsive user interfaces and writing clean, maintainable code. Passionate about performance optimization, clean architecture, and continuous learning.

Work Experience

QA Manual Tester

April, 2023 - Jun, 2023

Eurosoft LLC

- Performed manual testing to ensure software quality and reliability.
- Identified, reported, and tracked bugs using issue tracking tools.
- Collaborated with developers to test, verify, and validate new features.
- Maintained documentation and test cases for ongoing projects.
- Assisted in improving system performance and user experience through detailed testing.

Frontend Developer

Jun 2023 – Dec 2024

Eurosoft LLC

- Developed responsive and high-performance web applications using HTML, CSS, JavaScript, React, and TypeScript.
- Built scalable and user-friendly interfaces with a focus on clean and maintainable code.
- Ensured cross-browser compatibility and optimized applications for speed and performance.
- Collaborated with designers, backend developers, and clients to deliver high-quality products.
- Implemented reusable components and improved overall user experience.

Frontend Developer

Dec 2024 - Present

AvloAI LLC

- Developed modern web interfaces using React and TypeScript with focus on performance and scalability.
- Transformed UI/UX designs into fully functional and responsive web pages.
- Worked on improving application performance by reducing load time and optimizing rendering logic.
- Integrated APIs and handled asynchronous data flow for dynamic content rendering.
- Refactored legacy code into reusable and modular components.

Hard Skills

- HTML5, CSS3, SCSS (Sass)
- JavaScript (ES6+), TypeScript
- React.js (Hooks, Functional Components)
- Redux, Zustand
- Tailwind CSS, Material UI, Ant Design, Shadcn
- i18n (internationalization)
- Git, GitHub
- Performance Optimization

Education

Infocommunication engineering
Tashkent University of Information Technologies
2022 - 2026

Full-Stack (Standart)

Najot Ta'lim
Sept, 2022 - March, 2023

Languages

- English - Elementary
- Russian - Beginner
- Uzbek - native

Soft Skills

- Time management
- Communication
- Leadership
- Creativity
- Adaptability
- Teamwork
- Problem-solving

Projects

- MPBT System (Ministry of Health) – procurement dashboard, API integration
- SMA System – modular frontend, API communication
- Medikon.uz – healthcare platform UI
- Nephrology System – medical web application, patient workflow UI
